

Dr. LANANI ABDERRAHIM

Vice-Dean of post-graduation, scientific research and external relations

PROFILE

Dedicated and passionate teacher-researcher, holder of a Ph.D. in electronics with in-depth expertise in image processing. My career, combining higher education and administration, attests to my ability to excel in various roles. As a teacher, I have demonstrated my commitment to pedagogical excellence by creating stimulating and interactive learning environments. Additionally, my administrative skills have strengthened over the years, where I have taken on significant responsibilities within the university.
