

## 06- Clean Water and Sanitation

### 06-02 Water Consumption per Capita

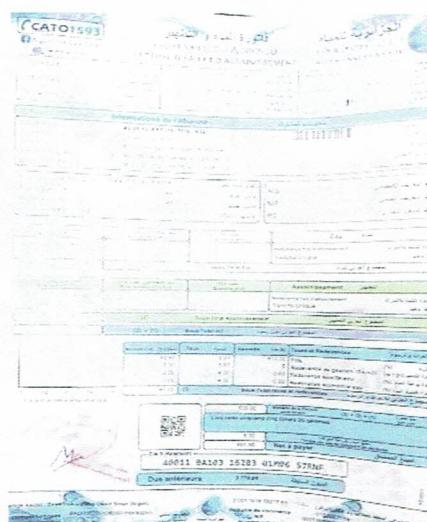

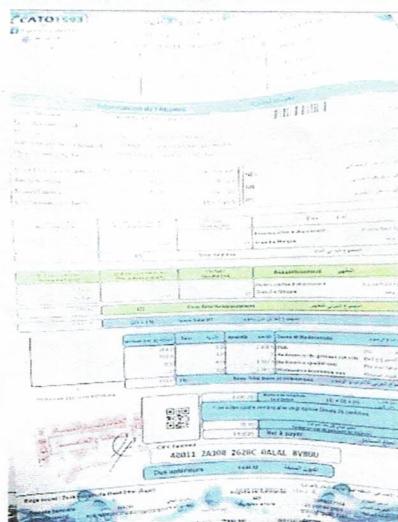

#### 06-02-01

Abbes Laghrou University does not measure the total volume of water consumed on campus, including water sourced from network supplies, desalination, rivers, lakes, or groundwater aquifers

#### 06-02-01

The estimated volume of water used on campus, from treated or extracted sources, is approximately 3257 m<sup>3</sup>

**Evidence:** some picture of water bill

#### 06-02-02

### Campus population

- Students: 12565
- Lecturers: 756
- Workers: 612

**Evidence:** [www.univ-khenchela.dz](http://www.univ-khenchela.dz)
