## 07. Clean and Affordable Energy

### 07-04 Energy and Community

**07-04-02 Does your university as an entity work to promote public commitment towards 100% renewable energy use (petitions, meetings, discussions, events) outside the university?**

Yes, the university actively commits to promoting 100% renewable energy use within the community through various initiatives. These actions include:

- Awareness campaigns about the benefits of renewable energy.
- Collaboration with local institutions and non-governmental organizations to support clean energy projects.
- Participation in local and international environmental events.
- Organizing public activities to encourage the adoption of renewable energy.
- Supporting petitions aimed at promoting full commitment to renewable energy.
