

SDG 17: Partnerships for the Goals

Abbas Laghrou University of Khenchela, based on the detailed report, is a pioneering model in achieving SDG 17, as it adopts a comprehensive and integrated approach based on institutional partnership, policy-oriented scientific research, and broad community education.

The following is a detailed analysis of the university's contributions to each indicator of SDG 17:

17-02 Relationships to Support the Goals

17-02-02: Does your university as an institution initiate and participate in cross-sector dialogue on sustainable development goals?

Yes, the university occupies a leading position as a main platform for multi-sectoral dialogue and institutional initiatives:

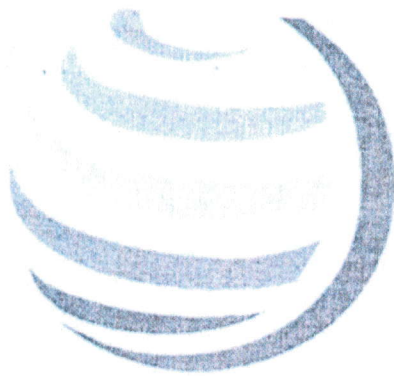

- **Organizing Major Events:** The university initiated organizing a series of conferences and forums bringing together government, non-governmental organizations, and the private sector, most notably:
 - National Conference on "Real Estate and Its Role in Sustainable Development" (2017): Brought together representatives from the ministries of housing, state property, and public works, academic experts, real estate developers, and environmental associations.
 - International Forum on "Algeria and the Imperative of Transition to Green Economy" (2018): Attracted experts from 15 countries, representatives from ministries of environment, energy and industry, major companies (such as Sonelgaz), and civil society, resulting in the "Khenchela Declaration for Green Transition."
 - "Water Governance" Forum (2020): Brought together water, irrigation, agriculture, environment, and local community sectors, and adopted an advanced dialogue methodology leading to recommendations to establish a supreme water council and update water law.
- **Sustainable and Institutional Dialogue Mechanisms:** The university established permanent dialogue platforms to ensure continuity and regular interaction, including:

○ Advisory Council for Sustainable Development (established 2019): Includes representatives from all sectors and meets quarterly.

○ Annual Partnerships Forum: Brings together more than 150 partners to sign agreements.

○ Organizing specialized and methodological participatory workshops (on circular economy, eco-tourism, and smart agriculture).

THE AWARDS

The Awards are the first business awards of their kind – demonstrating how profitability can go hand in hand with responsibility, sustainability, and impact.

They celebrate outstanding contributions to innovative and sustainable industries, honoring businesses and individuals who demonstrate excellence.

The first-ever award ceremony takes place at UNIDO's Global Industry Summit 2025, hosted by the Kingdom of Saudi Arabia with high-level participants from 173 countries.

The Awards will be the start of a lasting global platform to build long-term partnerships.

Open to businesses, start-ups, institutions and individuals shaping tomorrow's solutions.

APPLY
NOW!

AWARD CATEGORIES

Sustainable Supply Chains

Are you transforming supply chains to be more sustainable, and resilient? Show the world how you are reducing emissions, ensuring fair labour standards, or giving responsible sourcing, enhancing local value addition or more!

Innovative Start-Ups

Are you developing breakthrough technologies or business models that shape the industry of the future? If you are an innovative Start-Up creating scalable solutions, we want to hear from you!

Women in Industry

Do you place women's empowerment at the heart of your operations? If you are boosting women's employment, promoting women into higher technical and managerial roles, or championing women entrepreneurs, apply to share your impact.

WHY APPLY?

Global reach. Showcase your innovations at the Global Industry Summit 2025 to a worldwide audience, including leaders from 173 states.

Long-Term Partnerships: Gain access to global platforms with 170+ states, offering collaboration opportunities, networking, and exposure to new markets.

DON'T MISS YOUR CHANCE!
