Does your university, as an institution, provide its staff with access to mental health support?

Yes, the university allows its staff to benefit from the services of the Psychological Support Center at the *Faculty of Human and Social Sciences*. This center represents a key bridge for Abbas Laghrour University – Khenchela to engage with its social and economic environment, offering contributions in psychological care and promoting mental health both within and beyond the university community.

Photos: Study day on "Mental Health" supervised by the *Directorate of Health and Population of Khenchela Province*, in coordination with the *Psychological Support Center* at the *Faculty of Human and Social Sciences* and the *Public Health Institution of Yabous Municipality*. The event took place at the *Youhmemma District Youth Center* in celebration of *World Mental Health Day*, observed annually on October 10.
